E-CARGO BIKE

Our e-cargo bikes comply with **EU Pedelec Guidelines** and always come with **high-end equipment**. With **Magura's Big Twin**, our bikes are equipped with the most secure bike brakes on the market. The **new Bafang E-Cargo mid-mounted engine** is the most robust and reliable of its kind.

E-CARGO BIKE – THE BASIS FOR EVERYTHING

Specifically designed by us for the street food market, our e-cargo bike is unique. The battery supplies the cooling unit, water pump and bike engine with low power for up to 10 hours. The bike base provides space for all electronics as well as different battery sizes of up to 1.8 kWh.

The lithium ion battery with integrated battery management system allows for long ranges, making our Street Food Bike the **superstar of sustainability!**

E-CARGO-BIKE by **paul&ernst**

- Powder-coated steel frame
- Mid-mounted 500 W Bafang engine
- Shimano Deore gear shift
- Magura Big Twin hydraulic brake
- Adjustable stainless steel handlebar

- GN rack 98 x 18 cm
- 240 L cooling unit
- Up to 10 h of self-sufficient cooling
- R290 ECO-FRIENDLY cooling agent
- 0°C to +18°C variable digital display

BEVERAGE BIKE COCKTAIL COOLING SYSTEM

- Dispenser: standard tap made of stainless steel
- Beer pipe (tap head cap, CO₂ hose)
- Integrated glass rinser
- Under-counter cooling unit
- Pressure reducer
- Mounting system, max. 2 x 30 liter kegs
- Tap including dispenser and drip tray, fully removeable

BEVERAGE BIKE BEER DISPENSING TECHNOLOGY

A decorative graphic consisting of four interlocking gears of different sizes. The gears are rendered in a minimalist, high-contrast style with black outlines and white interiors. They are arranged in a cluster, with one large gear on the left, a medium gear on the right, and two smaller gears at the bottom center. The background is a solid light gray.

Customize your bike for professional, efficient working!

BE FLEXIBLE

Pair your bike with a trailer of your choice and increase your sales.

Our trailers are universal and attach quickly to one of our bikes or to your regular bike with a quick fastener.

The trailer coupling can be mounted to any bike and is included in the price.

BIKE TRANSPORT BOX

Our **P&E transport boxes** are regionally produced, made of solid wood and certified for international shipping (IPPC standard).

Our transport boxes are CO₂ neutral.

BEVERAGE BIKE DIMENSIONS

MAKING THE MOST OF EVERY INCH! Our e-cargo bike is the only one in the world that offers a 270 cm work surface and, when closed, still fits through standard door frames (W 88 cm) and into freight elevators. We thought out every element of our ergonomically designed bike down to the very last detail to make your daily workflow and even world-wide shipping a breeze.
